```c
1               #include <stdio.h>
2
3        // main function
4        int main() {
5                printf("Hello World!");
6                return 0;
7        }
```
